ORDER

Per. Justice Anand Pathak

1. The present MCC has been preferred by the applicant seeking restoration of W.A.No. 2976/2024 which was dismissed vide common conditional order dated 24/02/2025.

2. Learned counsel for the applicant submits that vide peremptory order dated 24/02/2025, whereby, applicant was granted six weeks' time to make compliance of earlier order; however, due to inadvertence, the order could not be complied with. He submits that the said mistake was bonafide and therefore, this MCC deserves to be allowed.

3. The reasons assigned by learned counsel for the applicant appear to be genuine and bona fide. This application is duly supported by an affidavit. Looking to the nature of cause and bona fide intents as well as settled law that for the fault of the counsel, the litigant should not be made to suffer

(see: AIR 2001 SC 2497, M.K. Prasad Vs. P. Arumugam, 2007 (5) MPHT 470, Dindyal Bansal Vs. Gwalior Nagar Tatha Gram Vikas Pradhikaran), the present application deserves to be and is hereby allowed.

4. A suggestion has been given to counsel for the applicant to invest one hour of community service while visiting Mercy Home namely Ashram, (Gwalior) with some food items/snacks of Rs. 2,500/- and spend one hour with the children/ inmates/ families, who are of humble background and are being taken care of by the NGO/Society sponsored by State Government. This community service of one hour would not only be satisfying to the soul but would also give a message to the differently abled children that society and its members care for them and that they are not considered as the children of the Lesser God.

5. The said suggestion is not punitive in nature and compliance of it is at the discretion of counsel for the applicant.

6. Graceful enough in their disposition, suggestion is readily accepted by counsel for the applicant and he undertakes that applicant and counsel not only would visit the mercy home but also would carry some food items (fruits and sweets) of Rs.2,500/- with them and spend one hour time with them to understand them and to satisfy themselves while doing such a pious work.

7. Appreciating the gesture shown by counsel for the applicant with the earnest hope and belief that applicant and counsel would visit the aforesaid place within one month from today and spend one hour time with the children/ inmates/ families of the mercy home and bring smile on their face satisfy their soul. It is expected that any Government Advocate or other

advocate may also accompany the counsel for this purpose.

8. This is a test case to give concept of 'Social Audit' a chance to gain grounds. Responsible and Resourceful persons of the Society who are occupying important positions in the Department of Administration/ Education/Health/Legal and other related fields including Professionals like Chartered Accountants/ Doctors/ Lawyers etc., to take some responsibility to visit the places (like orphanage/old age home/ mercy home/ one stop center etc.) where persons with disability/orphans/old age people/ victims of the crime and other destitute are institutionalized so that they can come to know about the plight of these inmates and would be able to contribute while raising their standards of living and to create sense of well being amongst them. Inmates who are living in such institutions would also feel that they are not left out by the society and the society is still eager to take them into its fold. This way, they would come in the mainstream also.

9. Another important effect of the Social Audit is that Management of those Institutions sometimes misbehave or cause mischief to the inmates especially children and females living there and this way, they would always be cautious that the society is keeping eyes over their working. Therefore, evolution of concept of Social Audit and its effective implementation is the need of hour. Policy makers especially Department of Women and Child Welfare Development (DWCD), Deptt. of Social Justice and Police Department must come out with some tangible solutions in this regard.

10. Therefore, keeping the said spirit, counsel for the applicant is directed to submit a report regarding their visit to the Mercy Home within one month elaborating his experience and status of Mercy Home with suggestions, if

any, in the litigation (W.A.No.2976/2024), which is going to be restored by this order.

11. On submission of the report and affidavit as accepted by counsel for the applicant, W.A.No.2976/2024 shall be restored to its original number.

12. Accordingly, instant petition for restoration is allowed subject to compliance of the direction as referred above and W.A.No.2976/2024 is restored to its original number.

13. Copy of this order be kept in the file of W.A.No.2976/2024 for record/compliance purpose.

14. Copy of this order be also sent to the Chief Secretary/ Principal Secretary, Women and Child Development Department, Department of Social Justice and Secretary Juvenile Justice Committee M.P. High Court for information and contemplation.

15. With the aforesaid, the application stands **disposed of**.
