ORDER

(Order of the Court was made by
the Hon'ble Chief Justice)

The only ground raised to challenge the establishment of crematorium by private respondent is that it violates Rule 7, as it could not be established within a prohibited distance of 90 meters.

2. The immediate response to this from respondent side is that this issue is no longer *res integra* and stands concluded by the Full Bench judgment of this Court in the case of **Jagadheeswari v. B.Babu Naidu [2023 SCC Online Mad 4773]**.

3. Rule 5 of the Tamil Nadu Village Panchayats (Provision of Burial and Burning Grounds) Rules, 1999, which provides for grant of permission, reads as under:

“5.Conditions for opening of burial and burning ground.-

(1) No new place for burying or burning the dead, whether private or public, shall be opened, formed,

constructed or used, unless a licence has been obtained from the Village Panchayat on application.

(2) Such application for a licence shall be accompanied by the plan of the place for which licence is required showing the locality, boundary and extent thereof, the name of the owner or person or community interested therein, the system of management and such further particulars as the Village Panchayat may require.”

4. Rule 7 of the Rules reads as under:

“7. Place for burial and burning grounds.-

(1) No person shall bury or cause to be buried or burnt any corpse in any place within ninety metres of a dwelling place or source of drinking water-supply other than a place licenced as a burial and burning ground.

(2) The person having control of a place for burying or burning the dead shall give information of every burial or burning of a corpse at such a place to any officer appointed by the Village Panchayat for this purpose.

(3) If a Village Panchayat is satisfied-

WEB COPY

W.P.Nos.19414, 14353 & 18565 of 2024

(a) that any registered or licenced place burying or burning of the dead is in such a state or situation as to be or likely to become dangerous to the health of persons living in the neighbourhood thereof; or

(b) that any burial ground is overcrowded with graves, and if in the case of a public burial or burning ground, another convenient place duly authorised for burying or burning of the dead exists or has been provided for the persons who would ordinarily make use of such place, it may with the previous sanction of the Assistant Director (Panchayats) give notice that it shall be not lawful after the expiry of a period of not less than two months to be specified such notice to bury or burn any corpse at such place.

(4) Every notice given under sub-rule (3) shall be published by affixture to the notice board of the Village Panchayat and by beat of drum in the village.

(5) No person shall in contravention of any notice under sub-rule (3) and after expiration of the period specified in such notice bury or burn or cause or permit to be buried or burnt any corpse at such place.

(6) The Inspector may cancel or modify any notice issued by a Village Panchayat under sub-rule (3).

WEB COPY

W.P.Nos.19414, 14353 & 18565 of 2024

(7) Whoever contravenes any of the provisions of these Rules shall be punishable with fine which may extend to one hundred rupees or in case of a continuing breach, with fine not exceeding fifteen rupees for every day during which the breach continues after conviction of the first breach:

Provided that no prosecution shall be instituted for contravening the provisions of sub-rule (1) of Rule 7 without the written sanction of the Executive Authority of the Village Panchayat, concerned.”

8. The Full Bench of this Court, in the case of **Jagadheeswari** (supra), had an occasion to interpret the Scheme of the Rules and the interplay between Rules 5 and 7, and it was observed as below:

“30. In Mathew vs. State of Kerala reported in 2022 SCC Online Kerala 1142, burial of body in a non-designated place came to be tested in the light of the Rules framed by the Kerala Government for burning and burying dead bodies. In that case, the District Collector issued a notice to the land owner, who had prepared a tomb for him to be buried after his death directing him to get the same registered under the Kerala Panchayat Building Rules and Kerala Panchayat Raj (Burial and Burning Grounds) Rules, 1998. The said notice

WEB COPY

W.P.Nos.19414, 14353 & 18565 of 2024

was challenged stating that the Kerala Panchayat Raj Burial and Burning Grounds Rules, 1998 is not applicable to the case where he has constructed structure in his land which could be used as a tomb in future. The contention of the petitioner that the State cannot impose restriction on him for cremation of his own body in his own property where he is residing, was negated by the Kerala High Court stating that the Rule prohibits opening, constructing or using new burial ground without a license from the concerned District Collector.

31. When we look at Rule 7(1) of Tamil Nadu Village Panchayat (Provision of Burial and Burning Grounds) Rules 1999, we find that it is analogous to the Kerala Rules 5(i) which was interpreted the way it should be.

32. Both Rules 5 and 7 of the Tamil Nadu Village Panchayat (Provision of Burial and Burning Grounds) Rules 1999 start with a negative clause. Rule 5 prohibits new place for burying or burning the dead without license obtained from village Panchayat. Rule 7 prohibits burning or burying any corpse, in any place, within 90 meters of the dwelling place or source of drinking water supply. The place licensed as burial and burning ground is exempted from the 90 meters restriction. Rule 5(1) does not indicate that the place where a body is buried or burnt, will not carry the character of burial ground or burning ground. If, single body is burnt or buried

WEB COPY

W.P.Nos.19414, 14353 & 18565 of 2024

and the land owner has no intention to allow burial of body in future. Whoever prefers a new place whether private or public to be used for burying or burning the dead, license from the Panchayat is a pre-requisite. Thus, it is very clear that except the place which has already been registered under Rule 4 or a new place where license is obtained following the procedures contemplated under Rules 5(2) (3) and (4), no body can be buried or burnt in the place which is neither been registered or granted license.”

9. It is, therefore, clear that the argument of petitioner that no permission could be granted within that distance, is no longer available to be pressed into service, as, it is against the dictum of the Full Bench decision in **Jagadheeswari** (supra).

10. All other submissions made are with regard to suitability and administrative consideration of local bodies, with which, we would not interfere, because, addition of a crematorium, that too gasifier crematorium is only to the benefit of the community and cannot be said to be against their interest.

W.P.Nos.19414, 14353 & 18565 of 2024

11. Petitions are dismissed. There shall be no order as to costs. W.M.P.No.21262 of 2024 filed by petitioners to join together and file a single writ petition is allowed as separate court fee has been filed. The other interim application are also dismissed.
