Mr.Munaf Patel in a continental hotel and there also I was forced to have sexual relationship with Mr.Munaf Hotel leaving no way to escape and I had been put into a continuous threat of danger to the life of my both sons. I say that thereafter I was also forced to sleep with Mr.Hardik Pandiya in a hotel known as Trident there also the sexual act was committed by Mr.Hardik Pandiya and his two friends who were fully drunk and they committed all type of unnatural sexual activites including oral and anal sex in the addiction of alcohol and drugs. I say that I was also made to sleep with Mr.Rajeev Shukla which I later came to know to be connected with Indian ricket and when I tried to refuse to sleep with Mr.Rajeev Shukla I was beaten with Mr.Rajeev Shukla and his friends and I was also forced to dance before them without cloths and in a nude position. I say that when I tried to open the door and run away I was caught by Mr.Rajeev Shuka and tied my hands on the bed with his tie and thereafter he asked his friends to commit anal sex with me and thereafter he also committed rape upon me. I say that when I used to complain him that I will not do it again because it is very difficult it is like rape, and he used to assault me and used to force me. I say that after first incident of the sexual relationship in the year 2012-13 he also had my photographs and video and he started threatening me that since he has videos and photographs, he will defame me on social media and in the eyes of my relatives and he will leave no place me to go. I say that under the instant fear of getting defamed and getting exposed in the society I could not raise my voice against him.
